DEFENSE SCIENCE
BOARD

September 21, 2020

Dear Mr. Hart:

On behalf of the Defense Science Board and the members of the Task Force on 21st Century Industrial Base for National Defense, thank you for taking the time to brief our study, especially under these unprecedented circumstances. Your discussion of the union perspective of the defense industrial base provided insight and information that substantively will help shape the foundation of our study. If you have any other input or reference materials to share with the task force during our deliberations, we would be grateful to receive them.

Thank you very much for your time and assistance.

Sincerely,

Dr. William Schneider
Task Force Co-Chair

Dr. David Van Buren
Task Force Co-Chair

21ST CENTURY
INDUSTRIAL BASE FOR NATIONAL DEFENSE
